

ORIGINATION

eZoot®

Motor Finance Automation

Future-proof your motor finance operation with an all-in-one digital lending service

Zoot's digitalised, all-in-one loan origination solution for motor finance provides the platform for efficient change with the agility to enable ongoing innovation at pace.

Make continual improvement in your process without the headache of continuous system and data integrations

Make faster changes to improve take up rates and lending performance

Scale your business without scaling cost

Become an agile digital lending operation

Benefits

New data and services to make faster smarter decisions and improve the customer journey

Ability to pivot your origination quickly to capitalise on new business opportunities

Exploit sophisticated risk-based pricing and champion challenger testing

Implement and manage operational Consumer Duty requirements

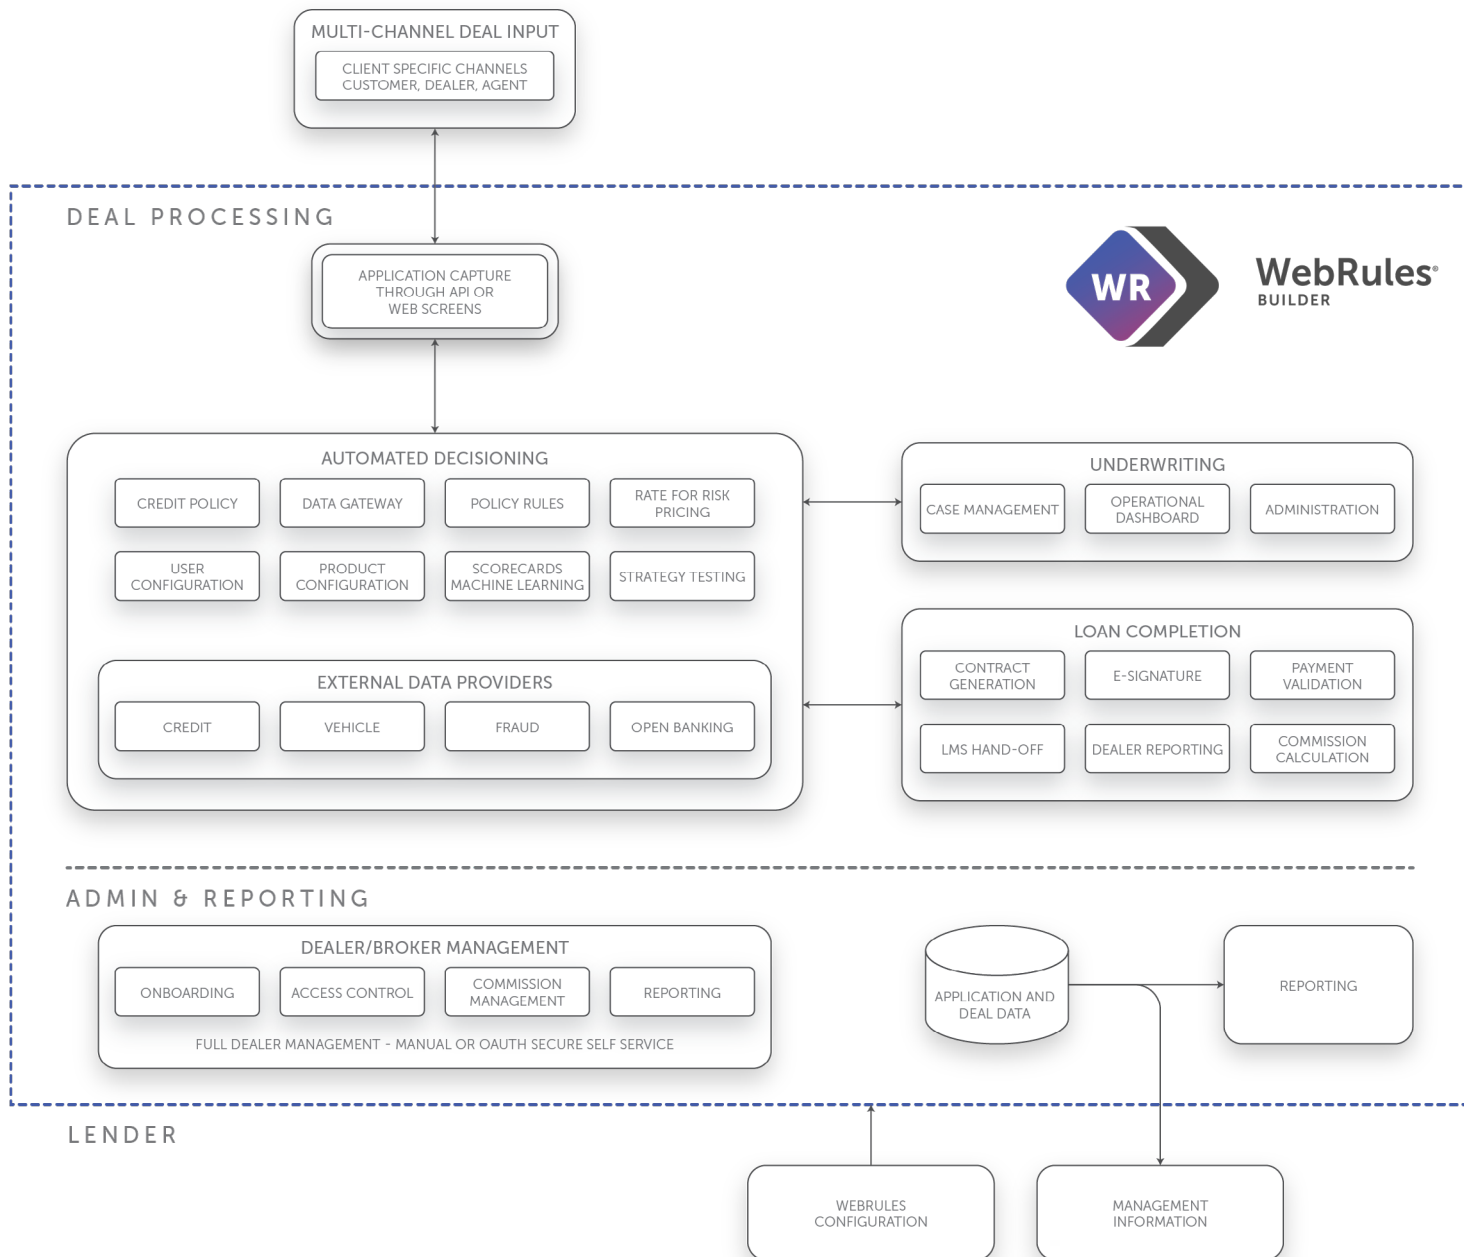

Business and technical users can control the entire system in-house

Faster underwriting through intuitive case management

All-in-one means just that! Everything you need to get a smarter loan decision is fully integrated within Zoot's service so no delays and unnecessary costs. Even better – you have the option of training your teams to manage the entire service internally.
